

Mr. Chris Jones
Federal Elections Commission
Washington, DC 20463

Dear Mr. Jones:

Regarding your letter of August 12, 2008 referencing the Amended 12 Day Pre-Primary Report (1/1/08 - 2/13/08), received 6/18/08 and your request to explain the substantial increase in the amount of disbursements reported from what was shown on the original filing:

The increase in amount of disbursements previously reported is a reflection of a reporting omission made by the party then responsible

for filing the Dailey for Congress reports. Another party is now responsible for filing reports, and procedures have subsequently

been evaluated and enhanced in order to avert such omissions in the future.

Should you have addiitonal questions, please do not hesitate to contact Kristi Fox at 330-990-7989.
